#### TASTE NOTES

In appearance, I am transparent and brilliant with golden reflections and slow tears. I have a bouquet of romantic flowers and wild fruit.

On the palate, very salty, with a sweet touch and a spicy aftertaste. A cosmopolitan wine that conveys the joie de vivre with every sip.

#### IN A FEW WORDS

Passionate about my work and a communicator by necessity. You can see me on television, follow me on social media, listen to me on the radio, and read me in magazines and specialized press. Also in any of my books.
